

Now Recruiting

Post Producer (Broadcast)

About us:

dock10 is one of Europe's leading digital media service providers. Operating at the heart of MediaCity in Salford, our clients have access to HD TV studios, digital post-production, cloud media management services and advanced connectivity options.

There is a requirement for a Post Producer to join our Award Winning and growing Post Production Team.

About the role:

dock10's Post Production facilities have been designed specifically to enable content to be produced, managed and distributed using the latest technology and workflows. Based around leading creative content systems – primarily Avid and Adobe - we operate a large estate of onsite and remote edit facilities – in addition to high end audio dubbing and picture grading facilities.

We also manage an award winning VFX team, who work across a broad range of genres.

Key to the success and growth of our Post Production business is an experienced, client focussed post production management team. The Post Producer role is key to the project management through the facility and is the main point of contact for clients. Our Post Producers have the opportunity to work across a wide range of TV genres.

What we are looking for:

The individual will ideally have at least 2 years' experience in a Broadcast Post Producer role.

- Dealing with complex organisation of resources
- Be customer centric and have excellent communication skills.
- Develop relationships with customers and make use of your own existing network.
- Have experience in identifying sales opportunities and capitalising on them
- Keeping abreast of latest developments in the industry
- You'll to be able to form positive relationships with your team and your clients, always striving to deliver a friendly 'can do' service.

How to Apply:

Simply email your CV and a brief covering letter explaining why you would be great for the role to jobs@dock10.co.uk by June 24th 2022 and we'll be in touch.
